Steering committee

Jessica encouraged us to process these topics more and how to tackle these ideas.

Social Media Postings- Healthy Start Facebook can share and Link with IMC Facebook. Need permission from Social Media Manager to direct items to IMC

Do we want interaction? Ask questions and get responses. Should discussion be open on FB? Does FB Admin monitor the discussion? What are the ICHD regulations regarding FB? Should we take the IMC FB out of the realm of the ICHD?

FB needs to be more engaging and more interactive. Articles and current information should be available. Post articles that understand the Infant Mortality issue. Could we do a survey to ask what clients want to see on the FB?
