

Outcome 2 - Children are healthy, thriving and developmentally on track from birth to third grade (FY19)

Goal: Parenting supports and services are reaching families and are easy to access.			
Objective: Increase the supports and access to services to prevent child abuse and neglect in Ingham County.			
Strategy 1: Craft and share information about parenting supports that families can understand and resonate with.		Performance Measures: <ul style="list-style-type: none"> Families of different care designations have more information and access resources, programs and services. 	
<p>QUESTION: How does the CADL Spotlight align with outcome group activities?</p> <ul style="list-style-type: none"> Provides free services for anyone supporting children. Addresses different learning styles (through audio, texture, etc.) Prison Program – wonder if they could do this for the foster program (moms/dads record book for their child)? So many resources – from books to things to raising reader backpacks, etc. Youth passes can start at birth! Making the services accessible to all shows they really are a service-minded organization—it's like a great big community hug! <p><i>Group Members: Christina, Sondos, Lucy, Kathy, Allison, Stephanie, Jessica</i></p>

Additional Notes:

- 5/8/19 Re Kids Count Data
 - Is there more current data on 3-4 year olds not in preschool?
 - Questions/concerns regarding the high number of lead; high number of children not immunized (25%)—does the term “fully” immunized count against those who are behind in their immunizations for medical reasons; and does this trend include immunization waivers?
