NO INCOME REQUIREMENT
EASY APPLICATION**

The goal of the Kinship Care Respite Program is to help provide a break and relieve some of the stress from the daily routine of caregiving. Examples of Kinship Care assistance include the purchasing of technology (e.g. laptops, hotspots), bikes and bike helmets, bus tokens, back to school supplies, and clothes. The program can also help pay for before and after school programs, driver education courses, and camps; other opportunities might be available depending on circumstances and need.
