

05/11/22 Ingham GSC Meeting

Outcome Group: 1 “Children are born healthy.”

Outcome Group Members:

Activities:

- 1.) Now that information about health care benefits (including resources and support services for prenatal health care) has been gathered and sorted, communicate, and share that information on social media outlets with families:
 - Work with GSC webmaster to place information on the GSC website.
 - Work to translate and provide information in multiple languages.
 - Inform and communicate to GSC members and community organizations this information is located on the Ingham GSC website.
- 2.) Regularly update and review the content of health care, support services, and resources information on the Ingham GSC website (monthly, bi-monthly):
 - Contact OB/GYN providers about hours of operation, location, and types of insurance accepted to update the medical provider list.
 - Contact or visit Medicaid insurance website to update information about transportation provided to clients for medical appointments.
 - Add other information based upon the needs of the community.
 - **How does the Spotlight align with your Outcome group?**
 - Lots of resources to help moms to stay healthy and not stress over so many things (connection to HS parents/families could be stronger)
 - Food, housing (rental and payment assistance; weatherization)
 - Figuring out how best to share resources with families so they know about how to access these services
 - **What progress has been made since the April meeting?**
 - Trying to engage new parents as a part of LLG/GSC/this outcome group and develop/update training process/protocol
 - Centering Pregnancy presentation at Region 7 Perinatal Collaborative
 - Teresa’s role at Cristo Rey in helping SUD clients; and teaching teen parts of Roots and Wings (parents of children 7-17; referrals from DHHHS, school districts, but not required)
 - Lots of resources for families at Cristo Rey
 - **What next steps will you take between now and the June meeting?**
 - Deeper dive/review of action agenda/work plan to determine if we need to update/revise activities (Jessica) based on data

Additional next steps from meeting evaluation:

- ✓ **Jessica** to share different services for the community within CACS.
- ✓ **Jasmine** to share information about CACS with other families.
- Theresa** to share CACS Spotlight and IAT with Cristo Rey staff.
